

Edward

I am Edward, 11 years old. There are four children in my family, 2 boys and 2 girls. Three of us live at Bahay Tuluyan. Before I came here I begged on the street slept on the street. I had nothing to eat if I couldn't get any money from begging. That's why I want to thank Bahay Tuluyan that my father brought me here. Here I learnt many things about life, like how to clean my body, how to be with other children and how to respect older people. Most important of all I have a beautiful place to sleep and good food. I also want to thank Bahay Tuluyan because my brother and sister are here and they are helping them too so that our minds and hearts can be peaceful and happy.

In Bahay Tuluyan I met a lot of friends. I learnt to mix and talk with different people, Filipinos and foreigners. I want to thank the people who set up Bahay Tuluyan, I really won't forget you, even if I am no longer here. You will always be in my heart and mind.
